Yale College offers a yearlong interdepartmental course sequence for first-year students with strong preparation in the sciences who do not intend to major in science. SCIE 030 and 031, Current Topics in Science, presents a broader range of topics than standard courses and highlights the interdependence of the scientific disciplines. Application information is available on the Freshman Seminar Website. (http://yalecollege.yale.edu/academics/special-academic-programs/freshman-seminar-program-o)
