The Career Management Center assists students in all phases of developing, managing, and implementing career plans and strategies.

CAREER COUNSELING
The Career Management Center advises students on a wide range of career development issues, including but not limited to creating effective résumés, honing interview skills, exploring summer internship options, and discussing opportunities for post-graduation jobs or study.

PROFESSIONAL SKILLS SEMINARS
The Career Management Center administers a series of seminars to help prepare students to successfully manage all aspects of a job or internship search as well as equip them with the skills and knowledge to succeed in their chosen career paths. Students are trained in mock interviewing, public speaking, networking with alumni, and business communications.

RECRUITING AND JOB INFORMATION
The Career Management Center works to attract a variety of organizations seeking to hire public health professionals. The YSPH CareerBoard, a web-based recruitment tool, is a centralized source for posting job, internship, and fellowship opportunities.

INTERNSHIP
The summer internship between the first and second years is an important learning experience, providing students with an opportunity to apply the public health theory and knowledge learned in their course work in real-world settings and explore or confirm a particular career interest. Students are expected to perform full-time work for typically ten to twelve weeks and no less than eight weeks in a public health setting, domestically or globally. The Career Management Center also helps students identify internship opportunities through on-campus recruiting, job postings, and alumni and faculty contacts.

CAREER TRIPS
The Career Management Center sponsors and organizes career trips to Washington, D.C., and New York City to help introduce students to the broad array of public health opportunities in the public, private, and nonprofit sectors.
