OFFICE OF PUBLIC HEALTH PRACTICE

135 College Street
Rafael Pérez-Escamilla, Ph.D., Director
Elaine O’Keefe, Executive Director

The Office of Public Health Practice serves to enhance public health practice education, applied research, and community-university health partnerships, and provides continuing education programs to the public health workforce. The office is a bridge to domestic and international agencies engaged in public health work and serves as an on-site resource for students seeking meaningful learning experiences in the world of public health practice. Its services include helping M.P.H. students select appropriate summer internship placements and assuring that they have multiple opportunities to apply theoretical classroom knowledge to genuine public health issues though practice-oriented courses that are offered during the academic year in addition to the summer internship program.
