

CLASSROOMS IN HQ

The scheduling of all rooms in the Humanities Quadrangle (HQ) is managed by the University Registrar's Office and reservations are made through 25Live Pro. Reservations submitted by departments and programs that are housed in HQ or are a part of the Humanities Division will be given priority. An individual who reserves any room is responsible for following the Building Use Guide for Yale University Classrooms. Please submit 25Live Pro requests at least **two business days in advance**.

Yale College students are not able to reserve study space in HQ but are welcome to use empty classrooms without a reservation on HQ's concourse through third floors on a first-come, first-served basis.

Yale College student organizations use Yale Connect to submit location requests. HQ does not accept student organization reservations, except for those events with an academic purpose that may request the Yale College Lounge (HQ 102) in Yale Connect.
